

REVEALING THE GOSPEL TRUTH

OCT - DEC 2014

## 1 LIFE AT A TIME

Over a year ago, we had a mini seminar teaching our teens how to share their faith. They memorized Bible verses and learned how to engage people in conversations about God. They were scared but we were able to take them out to put what they learned into practice. Time has passed and they are still eager to share their faith. A few weeks ago, some of our teens got together on their own to go downtown to talk to people about Jesus. They were able to lead a young lady to Christ that day!

## CHRISTMAS OUTREACH

This year we tried something new in Honduras. Our church sponsored a gas giveaway. Our church members had never heard of such a thing but were eager to try it out this Christmas season. It turned out better than we expected. We gave away gas, a church invitation with the Gospel printed on them and candy canes for everybody. Our people got to experience generosity and servanthood in a new way while sharing Christ with others. We even had a first-time visitor to our church because of the event!

## PRAYER REQUESTS

- More souls saved
- More people to surrender to ministry
- Our safety

## YEAR IN REVIEW

2014 was a good year. We've had several events and occasions to celebrate throughout the year but the best thing for me to see is spiritual growth in our church members. We've been focusing a lot lately on what it means to make disciples. It is great to see our people realize that they need to be out making disciples, true followers of Christ. We've seen growth in both churches due to the fact that our members are reaching out to bring people to Christ. We have been able to see souls saved because of people loving people enough to share Christ with them.

It seems that construction work hasn't slowed down at all this year. I've been extremely busy still working on the building in Carpintero but things are coming along. We are building a small house behind the church for a faithful church member who runs our Manna feeding center and her family. In the city, we changed locations and the new building has needed a lot of remodeling and plumbing work. Please pray for us as we continue with our building projects.

One last thing I'd like to share is something about the future of our ministry here. We were out giving away food baskets in a small, poor community where one of our church families lives. God put it on our hearts that this could possibly be the location of our 3rd church! I don't know when that will happen but it's always exciting to get a glimpse of what is possible. As always, thanks for your faithfulness.

Miguel and Christi Lopez
