We Are The Light Of The World

Happy New Year 2015!!!

Greeting to All!

Sorry we are late but once again we have opened the new year in prayer anticipating things from the Lord!! He gave us a great year in 2014 and we are excited about an even greater year coming to us this year.

We have completed much in our renovation program and are striving this year to complete all we have begun. S.L. Looks the best since our origin, but we see no stopping anytime soon!! As everyone knows our buildings are old and we are taking them one by one to renovate each as needed.

Our Christmas gift drive for the needed children was a great success and as usual our faithful churches made all this possible by their sacrifice of giving. We had the nicest toys this year to give out and a tremendous crowd, our winter Texans are wonderful, though many have decided not to come down due to the dangerous circumstances. We still had a great turn out! We say a special thanks to each church and pastor for it all. Without you all it all could not be accomplished!

Our newest young man has just joined us over the holidays. He is doing well in the adjusting period and seem to be growing in the Lord rapidly. Please continue to pray for his knowledge and understanding of the Lords service. God has been good to SL, the Mission church and all concerned in His ministry. As well as the new young man we have now received a young lady that is thrilled to have received the Lord as her savior. She has made progress in her effort to quit smoking and is on the right path to a brand new life with the Lord. She is excited to begin the horse riding lessons and with the Lords help we see a great future in her life.

Pray for my wife's family, her mother lost her husband January 2<sup>nd</sup> to another heart attack and there is much adjusting to be done. She really needs your prayers. Thank the Lord our immediate family has been blessed with good health this year.

Please continue to pray for the future of SLM as we feel that God is going to do even greater things in 2015. He is able and we surrender it all to His will, let it all to be....

For His Glory

*Billy McClain*  
Bro. McClain, Family and SLM

## Prayer Request:

- 1.) Frances Laney and the lose of her husband
- 2.) Up-coming meetings in the Spring
- 3.) Finances and Expenses
- 4.) Beth in the Navy and now new classes
